Commissioners  
President Dawn Wrona Eby  
Steve Becker  
Sean Carmody  
Jesse Kinsland  
Chris Walker

To the Park Board of Commissioners and Citizens of the Sugar Grove Park District:

State law requires that every general-purpose local government publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended December 31, 2021.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Sikich LLP, Certified Public Accountants, have conducted an audit in accordance with auditing standards generally accepted in the United States of America. Sikich has issued an unmodified ("clean") opinion on the Sugar Grove Park District's financial statements for the year ended December 31, 2021. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

#### *Profile of the Sugar Grove Park District*

The Sugar Grove Park District was organized in April of 2003 with the donation of 8 parks from the Village of Sugar Grove totaling approximately 50 acres. Today the park district operates 20 parks, open spaces and conservation areas with 16 playgrounds, 12 ball diamonds, 7 shelters/gazebos, 1 dog park, and two buildings - the Repede Center administrative offices and the Prairie Building.

The District is about 45 miles west of Chicago located in the southern portion of Kane County. The boundaries of the Park District, an area of approximately 35 square miles, encompasses substantially all the Village of Sugar Grove, as well as the majority of Sugar Grove Township. The population of the District is approximately 21,000 residents.

The Sugar Grove Park District is governed by a five-member Board of Commissioners. Members are elected by voters of the Park District and must be residents for at least one year prior to their election. Commissioners serve over-lapping four-year terms and are unsalaried. The Park Board appoints the

Executive Director, the attorney of the Park District and the auditors. These elected officials determine policy while professional appointed staff implement policy.

The Park Board adopts a budget and appropriation ordinance within the first quarter of the fiscal year. This annual budget serves as the foundation for the Sugar Grove Park District's financial planning and control. A detailed budget is prepared for each fund and department. All expenditures are approved by the Board of Commissioners at their monthly meeting. Budgetary control is provided by a system of purchasing authority and monthly review of all accounts compared to appropriations.

The mission of the Sugar Grove Park District is providing residents and guests opportunities to experience the benefits of parks and recreation. In addition to providing parks and recreational facilities, the Sugar Grove Park District provides diverse recreation and athletic activities for youth and adults who pay fees for services. The fees for these participatory programs are accounted for in the Recreation Fund. Annually, more than 3,000 program registrations are received yielding nearly \$500,000 in program revenue.

Due to the global COVID-19 pandemic, the majority of these revenue-generating activities ceased beginning with the government shutdown on March 14, 2020 and continued through July of 2021. The District is dependent on Kaneland CUSD #302 for facility use to run programs. Kaneland made the difficult decision to prohibit outside organizations from using their facilities during this period of time. The one exception was limited use by our before-and-after school CARE program. In August of 2021, the District was invited back into Kaneland CUSD #302 facilities and has been enjoying the slow return of programming and accompanying revenue.

The District participates in the Illinois Municipal Retirement Fund (IMRF), Park District Risk Management Agency (PDRMA) and Fox Valley Special Recreation Association (FVSRA). These organizations are separate governmental units because they: (1) are organized entities, (2) have governmental character and (3) are capable of existing independently. Audited financial statements for these organizations are not included in this report.

#### *Local economy*

The largest employer within the Sugar Grove Park District is Waubensee Community College District with approximately 420 employees in 2019. Other large employers include Jewel-Osco with 150 employees, and Kaneland CUSD #302 having 120 employees at Harter Middle School and 85 employees at John Shields Elementary School.

#### *Economic Condition and Outlook*

The economic outlook for the District was positive and strong through most of 2021 with the return of in-person programming and elimination of facility-use restrictions. However, like many other organizations, the COVID-19 pandemic has presented unforeseen challenges and uncertainties in the District's ability to fulfill its mission. The District is fortunate to be facing this pandemic from a strong financial position. With strong financial reserves and thoughtfully prepared revised operating plans, the District is in a good position to provide the recreational opportunities as restrictions become lifted. The District expects to remain in good financial shape.

### *Long-term financial planning*

While the District put most of its capital projects on hold due to the uncertainty of the pandemic, the Park Board is working with Planning Resources Incorporated to update the District's Comprehensive Master Plan. A major component of the plan is long-term financial planning for the District's future capital needs. The board recognized that many of the District's parks, playgrounds, and facilities are in need of infrastructure improvements and major upgrades. A capital improvement plan will be developed so that future capital needs are prioritized in order to ensure that the community's needs are met and properly maintained.

### *Financial Management and Budgetary Control*

The accounting policies of the District conform to standards generally accepted by the Government Accounting Standards Board (GASB). The financial transactions of the District are recorded in individual funds which reflect the nature and purpose of the resources acquired and expended. The District follows the modified accrual basis of accounting.

The Sugar Grove Park District has established and maintained certain internal controls designed to ensure that the assets of the Park District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled for the preparation of financial statements. It is management's belief that the District's system of internal controls adequately safeguards assets and provides reasonable assurance of the proper recording of transactions.

Budgetary control is maintained through the adoption of the annual Budget and Appropriation Ordinance and by approval of the working budget by the Board of Commissioners. A public hearing is conducted to allow citizens of the District to make comments on the proposed budget. Management maintains line-item control over expenditures. The Board of Commissioners review the monthly financial statement to ensure sound financial management.

### *Partnerships & Major Accomplishments*

For the past several years, the Sugar Grove Park District, Kaneland Community Unit School District #302, Village of Sugar Grove, Sugar Grove Township, Sugar Grove Community Building, Sugar Grove Library District, Waubensee Community College, and other local entities have worked together on many facility-sharing opportunities. The District had developed local partnerships to offer shared programs as well.

Significant capital improvements and accomplishments despite challenging circumstances due to the global pandemic include:

- Dugan West Park restoration continued in 2021 with the removal of undesirable and invasive species, as well as the introduction of high-quality native species that will improve the overall quality and ecological function of the plant communities.
- Roof/shingle replacement at the Sports Complex building and picnic shelter
- Parking lot sealcoating at Repede Center, Prairie Building, and Sports Complex
- Perennial planting installation at parking lot islands at John Shields School
- Tree maintenance and removal at Black Walnut Park & Conservancy
- Memorial bench purchases

*Certificate of Achievement*

The Government Finance Officers Association (GFOA) awards a Certificate of Achievement for Excellence in Financial Reporting for entities that publish an easily readable and efficiently organized Annual Comprehensive Financial Report that satisfies both generally accepted accounting principles and applicable legal requirements.

It is our desire to apply for this prestigious award this year. We have worked diligently to go above and beyond the minimum requirements of generally accepted accounting principles and applicable legal requirements by developing detailed statistical information and introductory information.

*Acknowledgements*

The preparation of this report would not have been possible without the assistance and advice of our auditors at Sikich. The Park Board of Commissioners must also receive credit for their leadership and interest in planning and conducting the financial operations of the Park District in a responsible and prudent manner.

Respectfully submitted,

Ellen Wandless

## **INDEPENDENT AUDITOR'S REPORT**

The Honorable President  
Members of the Board of Commissioners  
Sugar Grove Park District  
Sugar Grove, Illinois

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Sugar Grove Park District, Sugar Grove, Illinois (the District), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Sugar Grove Park District, Sugar Grove, Illinois as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is

required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### *Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

April 11, 2022

**GENERAL PURPOSE EXTERNAL  
FINANCIAL STATEMENTS**

**SUGAR GROVE PARK DISTRICT**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

This discussion and analysis is intended to be an easily readable overview of the Sugar Grove Park District’s financial activities for the year ended December 31, 2021, based on currently-known facts, decisions and conditions. This analysis focuses on current year activities and operations and should be read in combination with the basic financial statements that follow this document.

The Management’s Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No.34 *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*.

**FINANCIAL HIGHLIGHTS**

The change in total net position of the District was an increase of \$335,792. Staff continue to manage expenditures within our budget creating this surplus. The District has had a successful history of building up fund balances for future major capital projects instead of establishing capital-related debt. For the past 7 years, change in net position has averaged \$259,411.

Total governmental funds reported an end-of-year fund balance of \$2,706,997, which represents an overall increase of \$424,200. Expenditures exceeded revenues by \$12,516 in the general fund; and revenues exceeded expenditures by \$357,348 in the recreation fund.

**USING THE ANNUAL REPORT/REPORT LAYOUT**

Besides the MD&A, the report consists of government-wide statements, fund financial statement and notes to the financial statements.

The government-wide statements are highly condensed and present information about the Park District’s finances and operations as a whole, with a longer-term view. Within this view, all District operations are categorized and reported as governmental activities.

The fund financial statements tell how we financed our governmental activities in the short-term, as well as what remains for future spending. The fund financial statements also report the Park District’s operations in more detail than the government-wide financial statements by providing information about the Park District’s major funds.

## REPORTING THE PARK DISTRICT AS A WHOLE

The analysis of the Park District as a whole begins on page 3. One of the most important questions asked about the Park District is, “Is the Park District better off or worse off financially as a result of the year’s activities?” The Statement of Net Position and The Statement of Activities provide the basis for answering this question. The statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. The basis of accounting takes into account all the current year’s revenues and expenses regardless of when cash is received or paid.

### *Statement of Net Position*

The Statement of Net Position presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources and resulting net position of the Park District’s governmental activities. Governmental activities reflect capital assets and long-term liabilities.

Net position, the difference between assets and deferred outflows of resources, and liabilities, and deferred inflows of resources, provide a measure of the District’s financial strength, or financial position. Over time, increases or decreases in net position are an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the District’s property tax base or the condition of parks to accurately assess the overall health of the District.

### *Statement of Activities*

The Statement of Activities presents expenses of major programs (functions) and matches direct program revenues with each. To the extent that direct charges and grants do not recover a program’s cost, it is paid from general taxes and other resources. The statement simplifies the user’s analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

## REPORTING THE PARK DISTRICT’S MOST SIGNIFICANT FUNDS

The analysis of the Park District’s major funds begins on page 5. These statements reinforce information in the government-wide financial statements or provide additional information. The District’s major funds are presented in a separate column in the fund financial statements and the remaining funds are combined into a column titled “Non-Major Governmental Funds.” For each major special revenue fund, a Budgetary Comparison Statement is also presented. Users who want to obtain information on non-major funds can find it in the Combining and Individual Fund Financial Statements and Schedules section of the Comprehensive Annual Financial Report.

All of the Park District’s activities are reported in governmental funds, which focus on how money flows into and out of funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Park District’s general government operations and the basic services it provides. Governmental activities include recreation and general governmental administration. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements of the Governmental Funds.

THE PARK DISTRICT AS A WHOLE GOVERNMENT-WIDE FINANCIAL STATEMENT

A condensed version of the Statement of Net Position at December 31, 2021 with a comparison to 2020 follows:

**Table 1**  
**Net Position at December 31, 2021**  
**(in thousands)**

	<u>2020</u>	<u>2021</u>
<b>Assets:</b>		
Current and other assets	\$ 3,334	\$ 3,851
Capital assets	<u>7,602</u>	<u>7,495</u>
<b>Total Assets</b>	10,936	11,346
<b>Deferred Outflows of Resources:</b>	78	59
<b>Total Assets &amp; Deferred Outflows of Resources</b>	<b><u>\$ 11,014</u></b>	<b><u>\$ 11,405</u></b>
<b>Liabilities:</b>		
Current	\$ 33	\$ 88
Long-term	<u>\$ 172</u>	<u>\$ 93</u>
<b>Total liabilities</b>	205	181
<b>Total Deferred Inflows of Resources</b>	1,065	1,145
<b>Total Liabilities and Deferred Inflows of Resource</b>	<b><u>\$ 1,270</u></b>	<b><u>\$ 1,326</u></b>
<b>Net Position:</b>		
Net investment in capital assets	\$ 7,603	\$ 7,495
Restricted for specific purposes	168	247
Unrestricted	<u>1,973</u>	<u>2,337</u>
<b>Total Net Position</b>	<b><u>\$ 9,744</u></b>	<b><u>\$ 10,079</u></b>

The governmental activities end-of-year total net position of \$10.08 million reflects an increase of \$335,792 from the beginning year's net position. As stated previously in the financial highlights, this increase can be attributed to managing expenditures within our budget, and increase in some revenue sources, and overall cost-controlling measures in response to the pandemic.

There are restrictions on \$247,147 of net position for governmental activities. These restrictions represent legal or contractual obligations on how the assets may be expended, specifically for land-cash, audit, special recreation and liability insurance.

A summary of changes in net position with a comparison to 2020 follows:

**Table 2**  
**Governmental Activities**  
**Changes in Net Position**  
**For the fiscal year ending December 31, 2021**

	<u>2020</u>	<u>2021</u>
<b>Revenues</b>		
Program Revenues:		
Charges for services	\$ 213,737	\$ 300,375
Rental Income	6,025	11,307
Contributions Intergovernmental	11,596	0
Contributions Land Cash	<u>32,499</u>	<u>7,729</u>
	263,857	319,411
General Revenues:		
Taxes	942,327	992,810
Investment Income	6,698	632
Miscellaneous	<u>0</u>	<u>2,500</u>
	949,025	995,942
<b>Total Revenues</b>	<b><u>\$ 1,212,882</u></b>	<b><u>\$ 1,315,353</u></b>
<b>Expenses</b>		
Program Expenses:		
General Government	\$ 364,377	\$ 457,574
Recreation	<u>642,269</u>	<u>521,987</u>
<b>Total Expenses</b>	<b><u>\$ 1,006,646</u></b>	<b><u>\$ 979,561</u></b>
<b>Change in Net Position</b>	<b><u>\$ 206,236</u></b>	<b><u>\$ 335,792</u></b>

The cost of all governmental activities this year was \$979,561. Revenues to fund these activities included \$311,682 from those who directly benefited from or contributed to the programs, \$7,729 operating & capital grants, \$992,810 taxes, and \$632 investment income.

Due to the global COVID-19 pandemic, many of our revenue-generating programs ceased beginning with the government shutdown in March 2020. When other organizations began to return to in-person programming with certain protocols and mitigations, we were not that fortunate. Our District is very dependent on our local school district for facility use to run indoor programming. When Kaneland CUSD #302 prohibited outside organizations from using their facilities from March 2020 through July of 2021, our program revenues suffered. While we were allowed limited facility use by our before-and-after school CARE program during this time, the demand was not as great as in pre-pandemic years. Since August of 2021 when the District was invited back into the school facilities, we have been experiencing a slow steady growth in demand for services with corresponding revenue increases from 2020.

The District owns one building that houses an adult daycare program called STARS that is a partnership with Fox Valley Special Recreation Association and the Association of Individual Development. Rental income to the District from this partnership averages around \$12,000 annually. In 2020, the program was shutdown due to the pandemic for many months, so the rental fee was waived. With the return of in-person programming, the STARS program rental fees paid to the District are back to the usual amount.

Another significant change between 2020 and 2021 is the award \$11,596 in Coronavirus Relief Funds. No federal relief funding was received in 2021.

Staff continued conservative spending, cost-controlling measures, and a hesitancy to spend funds in fear of repeated shutdowns in programs. These measures explain the overall decrease in the expenses from 2020 to 2021.

### THE PARK DISTRICT'S FUNDS

As indicated earlier, the Park District's governmental funds are accounted for on the modified accrual basis of accounting. An increase in the fund balance of all governmental funds at December 31, 2021 was \$424,200. The combined fund balance of all governmental funds was \$2,706,997.

A summary of changes in major funds with a comparison to 2020 follows:

**Table 3**  
**Changes in Governmental Funds**  
**For the fiscal year ending December 31, 2021**

	<u>2020</u>	<u>2021</u>
<b>Revenues</b>		
General Fund	\$ 405,177	\$ 405,788
Recreation Fund	576,254	661,744
Special Recreation Fund	109,789	121,921
Nonmajor Governmental Funds	<u>121,662</u>	<u>125,900</u>
Total Revenues	\$ 1,212,882	\$ 1,315,353
<b>Expenditures</b>		
General Fund	\$ 338,353	\$ 418,304
Recreation Fund	370,419	304,396
Special Recreation Fund	106,493	82,168
Nonmajor Governmental Funds	<u>93,821</u>	<u>86,285</u>
Total Expenditures	\$ 909,086	\$ 891,153
<b>Changes in Fund Balances</b>		
General Fund	\$ 66,824	\$ (12,516)
Recreation Fund	205,835	357,348
Special Recreation Fund	3,296	39,753
Nonmajor Governmental Funds	<u>27,841</u>	<u>39,615</u>
Total Change in Fund Balances	\$ 303,796	\$ 424,200

There was a very slight revenue increase from 2020 to 2021 in the general fund attributed to the increase of tax revenue and offsetting decrease of land-cash funds and funds received in 2020 from the Coronavirus Relief Fund. Recreation fund revenue increased by \$85,490 as we slowly recover from the global pandemic and government shut down which cancelled the majority of our revenue-generating programs in 2020. Special Recreation Fund revenues increased by \$12,132 from levying more taxes to address increased contribution requests from Fox Valley Special Recreation Association and to address capital improvements in our Americans with Disabilities Act Plan.

#### GENERAL FUND BUDGETING HIGHLIGHTS

Total revenue of \$405,788 was under budget by \$15,916. Expenditures were \$418,304; \$229,196 under budget. The General Fund had a net decrease in fund balance of \$12,516. This activity resulted in a December 31, 2021 fund balance of \$541,147.

Conservative estimates in budgeted revenue were made due to the uncertainty with the global pandemic, but the estimates turned out to be remarkable accurate within 4% of actual figures. We were not as accurate with estimates for expenditures. Hesitancy to spend funds in fear of repeated program shutdowns and overall cost-controlling measures contributed to the significant budgetary variance between budgeted and actual expenditures in the General Fund.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

##### *Capital Assets*

As of December 31, 2021, the District has approximately \$7.5 million in capital assets (net of accumulated depreciation), as reflected in the following table. Additional capital asset information can be found in Note 4 to the financial statements.

**Table 4**  
**Capital Assets (net of depreciation)**  
**at December 31, 2021**  
**(in thousands)**

	Governmental <u>Activities</u>
Land	\$ 6,095
Land and improvements	1,918
Buildings	1,010
Equipment	471
Vehicles	92
Accumulated depreciation	<u>(2,091)</u>
Net Capital Assets	<u>\$ 7,495</u>

##### *Debt*

As of December 31, 2021, the District did not have any outstanding capital-related debt.

## NEXT YEAR'S BUDGET AND RATES

The 2022 fiscal year total budget is \$2,355,000. This includes a \$800,000 expenditure to redevelop Black Walnut Park. The District applied for a OSLAD (Open Space Land Acquisition and Development) grant from the Illinois Department of Natural Resources in 2021 and are hopeful that we will be awarded \$400,000 in matching state funds in 2022. In previous years, awards were granted early in the year, but this year they have been pushed back to the fall. It is now unlikely that these funds, if awarded, will be expended in 2022 due to the delay.

The 2020 tax rate was .194. The 2021 rate is projected to stay the same or decrease slightly.

The Park District's Equalized Assess Valuation (EAV) is estimated to grow by about \$17 million reaching a 2021 tax year estimated EAV of about \$530 million. The EAV has grown approximately 5% each year for the past 5 years.

Also included in the 2022 total budget are other planned capital expenditures of \$130,000. Some of the major projects planned are:

- Turf improvement
- Baseball/softball infield and fencing improvements
- General parks improvements

## DECISIONS EXPECTED TO HAVE AN EFFECT ON FUTURE OPERATIONS

Many trends and economic factors can affect the future operations of the Park District. These factors which are considered during budgeting and long-range planning include:

- A tax rate that is 1/3 to 1/4 of most park districts
- The continuing negative effect of the tax cap on property tax revenue
- Rising group health insurance costs
- Growth of the community
- Demand for upgraded parks, playgrounds, and facilities.
- Minimum wage increases
- Ongoing impact of the global pandemic

## FINANCIAL CONTACT

The District's financial statements are designed to provide a general overview of the District's finance's and to demonstrate the District's accountability. If you have questions about the report or need additional financial information, please contact the Administrative Office at the Repede Center, 61 S. Main Street, Sugar Grove, IL 60554.

**SUGAR GROVE PARK DISTRICT  
SUGAR GROVE, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS**

December 31, 2021

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Sugar Grove Park District, Sugar Grove, Illinois (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

a. Financial Reporting Entity

The District is a body corporate and politic established under Illinois Compiled Statutes (ILCS). The District is considered to be a primary government as defined by GASB Statement No. 14 and No. 61, since it is legally separate and fiscally independent. The District operates under the commissioner-director form of government (an elected board of five commissioners) and provides a variety of recreational facilities, programs and services. The District (primary government) includes all funds of its governmental operations and its component units based on financial accountability. Financial accountability includes appointment of the District's governing body, imposition of will and fiscal dependency. The accompanying financial statements include only those funds of the District, as there are no other organizations for which it has financial accountability.

b. Fund Accounting

The District uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

The District's funds are classified into the following category: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of a district's general activities. The General (Corporate) Fund is the primary operating fund; accounting for all financial resources not accounted for in another fund. Special revenue funds account for revenue sources that are legally restricted or committed for specific purposes (except for capital projects funds). Debt service funds account for the servicing of bonded general long-term debt using funds restricted, committed or assigned for debt service. Capital projects funds account for funds that are restricted, committed or assigned to the acquisition of capital assets or construction of major capital projects not financed by another fund. The District has no debt service funds or capital projects funds.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

b. Fund Accounting (Continued)

The District has no proprietary or fiduciary funds.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. The effect of material interfund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support. The District does not report any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Contributions of land by developers under land/cash ordinances are reported as capital grants and contributions on the statement of activities.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

The General Fund accounts for the resources traditionally associated with local government, except those accounted for in another fund. Included in these services are general administration and risk management.

The Recreation Fund accounts for the operations of the District's recreational programs and park maintenance. Financing is provided from an annual restricted property tax levy and fees charged for programs and activities.

The Special Recreation Fund accounts for the operations of the District's special recreational programs run through the Fox Valley Special Recreation District. Financing is provided from a restricted annual property tax levy.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (60 days). The District recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related liability is incurred. Principal and interest on general long-term debt are recorded as expenditures become due.

Those revenues susceptible to accrual are property taxes, interest revenue and charges for services.

The District reports unavailable, deferred and unearned revenue on its financial statements. Unavailable and deferred revenues arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period for governmental funds or earned at the government-wide level. Unearned revenues arise when resources are received by the government before it has legal claim to them as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met, or when the government has a legal claim to the resources by meeting all eligibility requirements, the liability or deferred inflows for unavailable, deferred or unearned revenue is removed from the financial statements and revenue is recognized.

e. Property Taxes

The District’s property taxes are required to be levied by ordinance. A certified copy of the levy ordinance must be filed with the county clerk no later than the last Tuesday in December of each year. Taxes are due and collectible one-half in June and one-half in September of the following year. Property taxes attach as an enforceable lien on property as of January 1.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

f. Investments

Investments with maturity greater than one year at time of purchase, if any, are stated at fair value. Non-negotiable certificates of deposit, if any, are reported at cost. The District categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The District held no investments to measure at fair value at December 31, 2021.

g. Capital Assets

Capital assets, which include property, plant, equipment, intangible assets and infrastructure assets (e.g., bike trails, paths, roads, bridges and similar items) are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of one year. Such assets are reported at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Land improvements	20
Buildings	20-50
Machinery and equipment	5-20
Vehicles	8

h. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

h. Long-Term Obligations (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

i. Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. No liability is reported for unpaid accumulated sick leave, since it is the District's policy to record the cost of sick leave only when used as it does not vest or accumulate, nor is it paid upon termination and/or retirement. Vested or accumulated vacation and compensatory leave that is owed to retirees or terminated employees is reported as an expenditure and a fund liability of the governmental fund that will pay it in the fund financial statements. Vested or accumulated vacation and compensatory leave of governmental activities at the government-wide level is recorded as an expense and liability as the benefits accrue to employees. Unused vacation lapses at year end unless special permission is given by the District's director.

j. Net Position/Fund Balance

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not spendable in form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities. None of the restricted fund balance results from enabling legislation adopted by the District. Committed fund balance is constrained by formal actions of the District's Board of Commissioners, which is considered the District's highest level of decision-making authority. Formal actions include ordinances approved by the Board of Commissioners. Assigned fund balance represents amounts constrained by the District's intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the director by the District's Board of Commissioners. Any residual fund balance of the General Fund and any deficit fund balance of any other governmental fund is reported as unassigned.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

j. Net Position/Fund Balance (Continued)

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the District considers committed funds to be expended first followed by assigned and then unassigned funds.

The District has not established fund balance reserve policies in its General Fund. The special revenue funds do not have established fund balance limits due to the nature of the transactions accounted for in these funds.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. Net position has not been restricted by enabling legislation adopted by the District. Net investment in capital assets, represents the book value of capital assets less any long-term debt principal outstanding issued to construct capital assets.

k. Interfund Transactions

Interfund service transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund service transactions and reimbursements, are reported as transfers.

l. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

m. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

m. Deferred Outflows/Inflows of Resources (Continued)

position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

n. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

o. Adoption of Accounting Standards

The District has elected to implement GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which was issued to provide temporary relief to governments and other stakeholders due to the COVID-19 pandemic. This provides for the postponement of the implementation of GASB Statement No. 87, *Leases*.

**2. CASH AND INVESTMENTS**

The District maintains a cash pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements as "cash and investments."

a. Permitted Deposits and Investments

ILCS and the District's investment policy authorize the District to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, municipal bonds, investment-grade corporate bonds and The Illinois Funds. Investments in derivative securities are not permitted.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**2. CASH AND INVESTMENTS (Continued)**

a. Permitted Deposits and Investments (Continued)

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the “prudent person” standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

b. Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the District’s deposits may not be returned to it. The District’s investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance with the collateral, at least equal to 110% of the uninsured balance, held by an independent third party in the District’s name.

c. Investments

The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay it par value upon maturity, by primarily investing in certificates of deposit.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the District’s investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by the District or third party acting as the District’s agent separate from where the investment was purchased.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District’s investment policy states that the investment portfolio shall remain sufficiently liquid to enable the District to meet all operating requirements which may be reasonably anticipated in any district fund. To the extent possible, the District shall attempt to match its investment maturities with anticipated cash flow requirements.

Concentration of credit risk is the risk of loss attributed to the magnitude of the District’s investment in a single issuer. The District’s investment policy states that it is the policy of the District to diversify its investment portfolio. Investments shall be diversified to eliminate the risk of loss resulting in over concentration in a specific maturity, issuer or class of securities.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

**3. CAPITAL ASSETS**

Capital asset activity for the year ended December 31, 2021, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
<b>GOVERNMENTAL ACTIVITIES</b>				
Capital assets not being depreciated				
Land	\$ 6,095,444	\$ -	\$ -	\$ 6,095,444

**4. RISK MANAGEMENT**

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; employee health; injuries to employees and net income losses. Since 2003, the District has been a member of the Park District Risk Management Agency (PDRMA), a risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials' and workers' compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. PDRMA provides various levels of insurance levels for the different policies provided. Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA, the District is represented on the Membership Assembly and is entitled to one vote. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. PDRMA also provides its members with risk management services, including the defense of and settlement of claims and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

Since 90% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the member balances are adjusted annually as more recent loss information becomes available.

Since 2003, the District became a member of the PDRMA Health Program, a health insurance pool of park districts, special recreation associations and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001, the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**4. RISK MANAGEMENT (Continued)**

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote. The relationship between the member agency and the PDRMA Health Program is governed by a contract and by-laws that have been adopted by resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision of the Health Program Council.

Complete financial statements for PDRMA can be obtained from PDRMA's administration offices at 2033 Burlington Avenue, Lisle, Illinois 60189.

**5. LONG-TERM DEBT**

a. Changes in Long-Term Liabilities

During the fiscal year, the following changes occurred in long-term liabilities.

	Balances January 1	Additions	Reductions	Balances December 31	Current Portion
<b>GOVERNMENTAL ACTIVITIES</b>					
Compensated absences*	\$ 3,140	\$ -	\$ 3,140	\$ -	\$ -
Net pension liability - IMRF*	171,682	-	78,925	92,757	-
<b>TOTAL GOVERNMENTAL ACTIVITIES</b>	<b>\$ 174,822</b>	<b>\$ -</b>	<b>\$ 82,065</b>	<b>\$ 92,757</b>	<b>\$ -</b>

\*The General Fund has typically been used to liquidate these obligations.

**6. FOX VALLEY SPECIAL RECREATION ASSOCIATION**

The District and five other park districts have entered into a joint agreement to provide cooperative recreational programs and other activities for handicapped and impaired individuals. Each agency shares equally in the Fox Valley Special Recreation Association (the Association) and generally provides funding based on up to \$0.04 cents per \$100 of its equalized assessed valuation. The District contributed \$79,011 to the Association during the current fiscal year.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**6. FOX VALLEY SPECIAL RECREATION ASSOCIATION (Continued)**

The District does not have a direct financial interest in the Association, a jointly governed organization and, therefore, its investment therein is not reported within the financial statements. Upon dissolution of the Association, the assets, if any, shall be distributed to another joint agreement entity or may be divided between the members in accordance with an equitable formula, as determined by a unanimous vote of the Board of Directors of the Association.

Complete financial statements for the Association can be obtained from the Association's administrative offices at 2121 W. Indian Trail, Aurora, Illinois 60506.

**7. EMPLOYEE RETIREMENT SYSTEMS**

The District's defined benefit pension plan, Illinois Municipal Retirement Fund (IMRF), provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF is an agent multiple-employer pension plan that acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly. IMRF issues a publicly available report that includes financial statements and supplementary information for the plan as a whole but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523 or at [www.imrf.org](http://www.imrf.org).

Illinois Municipal Retirement Fund

*Plan Administration*

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**7. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

Illinois Municipal Retirement Fund (Continued)

*Plan Membership*

At December 31, 2020 (most recent available), IMRF membership consisted of:

Inactive employees or their beneficiaries currently receiving benefits	1
Inactive employees entitled to but not yet receiving benefits	5
Active employees	<u>5</u>
 TOTAL	 <u><u>11</u></u>

*Benefits Provided*

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

*Contributions*

Participating members are required to contribute 4.50% of their annual covered salary to IMRF. The District is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution rate for the calendar year ended December 31, 2021, was 11.65% of covered payroll.

*Actuarial Assumptions*

The District's net pension liability was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**7. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

Illinois Municipal Retirement Fund (Continued)

*Actuarial Assumptions (Continued)*

Actuarial valuation date	December 31, 2020
Actuarial cost method	Aggregate entry-age normal
Assumptions	
Inflation	2.25%
Salary increases	2.85% to 13.75%
Interest rate	7.25%
Cost of living adjustments	3.00%
Asset valuation method	Fair value

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

*Discount Rate*

The discount rate used to measure the total pension liability at December 31, 2020, was 7.25%. The discount rate at December 31, 2019, was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

*Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources*

For the year ended December 31, 2021, the District recognized pension expense of \$15,521. At December 31, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 11,453	\$ 22,791
Changes in assumption	16,087	8,715
Net difference between projected and actual earnings on pension plan investments	-	57,446
Contributions subsequent to measurement date	31,631	-
	<hr/>	<hr/>
TOTAL	\$ 59,171	\$ 88,952

\$31,631 reported as deferred outflows of pensions result from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	
2022	\$ (15,489)
2023	(5,685)
2024	(26,233)
2025	(14,005)
2026	-
Thereafter	-
	<hr/>
TOTAL	\$ (61,412)

Illinois Municipal Retirement Fund (Continued)

*Discount Rate Sensitivity*

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the net pension liability (asset) of the District calculated using the discount rate of 7.25% as well as what the District's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability(asset)	\$ 212,839	\$ 92,757	\$ (7,316)

**8. OTHER POSTEMPLOYMENT BENEFITS**

a. Plan Description

In addition to providing the pension benefits described, the District provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan (the Plan). The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual. The Plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the Plan. The Plan does not issue a separate report. The District's total OPEB liability as of December 31, 2021, is immaterial; and therefore, not recorded by the District.

The following are the summary results from the District's actuarial valuation performed as of December 31, 2019, (most recent information):

Liabilities	\$ 31,103
Deferred inflows of resources	4,264
Deferred outflows of resources	837
Total OPEB expense	3,294

**SUGAR GROVE PARK DISTRICT**  
**SUGAR GROVE, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**8. OTHER POSTEMPLOYMENT BENEFITS**

b. Benefits Provided

The District provides postemployment health care and life insurance benefits to its retirees. To be eligible for benefits, the employee must qualify for retirement under the District's retirement plan. The retirees pay 100% of the average employer group cost.

c. Membership

At December 31, 2019, (most recent information), membership consisted of:

Retirees and beneficiaries currently receiving benefits	-
Terminated employees entitled to benefits but not yet receiving them	-
Active employees	<u>7</u>
<b>TOTAL</b>	<u><u>7</u></u>
Participating employers	<u><u>1</u></u>

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuations as of January 1 of the prior fiscal year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was aggregate entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 23 years; the asset valuation method was five-year smoothed market; and the significant actuarial assumptions were an investment rate of return at 7.25% annually, projected salary increases assumption of 3.35% to 14.25% compounded annually and postretirement benefit increases of 3.25% compounded annually.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

(See independent auditor's report.)

SUGAR GROVE, ILLINOIS**

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2021

---

**BUDGETS AND BUDGETARY ACCOUNTING**

- a. The Board of Commissioners follows these procedures in establishing the budgetary data reflected in the required supplementary information.
  - 1. At the October board meeting, the director submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
  - 2. Public workshops are held during December to obtain taxpayer comments.
  - 3. Prior to April 1 of the following fiscal year, the budget is legally enacted through the passage of a Budget and Appropriations Ordinance.
  - 4. The Board of Commissioners may amend the Budget and Appropriation Ordinance in the same manner as its original enactment.
  - 5. The legal level of budgetary control is the fund level.
  - 6. All appropriations are reappropriated to the same purpose in future years.
  - 7. The appropriations were not amended during the year by the Board of Commissioners.
- b. Annual budgets are adopted for the General Fund and Special Revenue Funds. The District adopts budgets consistent with GAAP.

**COMBINING AND INDIVIDUAL FUND  
FINANCIAL STATEMENTS AND SCHEDULES**

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUNDS**

Audit Fund - to account for the expenditures in connection with the District's annual financial and compliance audit, which is mandated by state statute. Financing is provided from a restricted annual property tax levy, the proceeds of which can only be used for this purpose.

Illinois Municipal Retirement Fund - to account for the activities resulting from the District's participation in the IMRF. Financing is provided by a restricted annual property tax levy, which produces a sufficient amount to pay the District's contributions to the fund on behalf of the District's employees.

Insurance Fund - to account for the District's risk financing activities. Financing is provided by a restricted annual property tax levy, which produces a sufficient amount to pay the District's contributions to PDRMA.

Social Security Fund - to account for the District's obligation for Social Security and Medicare taxes. Financing is provided by a restricted annual property tax levy, which produces a sufficient amount to pay the District's contribution.
